*Professional development for 21st Century educators*

## VIRTUAL INSTITUTES FOR SCHOOL DISTRICTS

POWERFUL, ECONOMICAL, EASY.

Powerful Learning Practice is well-versed in catering professional development to the needs of teachers by bringing together experts in education from around the globe. **Virtual Institutes** is a customized, economical way for school districts to provide ongoing professional development covering both big picture discussions and practical, make-and-take sessions with the possibility of extending the learning in ongoing follow-up conversations in a virtual learning community.

### Each Virtual Institutes PD bundle includes:

- Five 90-minute, live, interactive webinars
- Powerful Learning Practice facilitator in each session to provide tech support and foster discussion and learning
- A seasoned expert in 21st Century teaching and learning presenting each keynote topic
- An archive of each session for your school or district
- Extend your learning with our Virtual Institute Community option - a robust, system-wide community of practice that will serve your entire faculty's professional development needs and last the entire school year.

### Choose from hot topics like:

Digital Storytelling • Shift in Education • The Connected Classroom • Online Reputation Management 101 • Project and Passion-based Learning: Start to Finish • Facilitating the 1:1 Classroom • Becoming a Connected Learner • and dozens more
