2013-01-28 1:08 am [bcteacher](#) A1 PBL is all about authentic learning & opportunities to connect. This isn't teaching to the test. **#plpnetwork**

2013-01-28 1:08 am [MrsLHopper](#) [@snbeach](#) we know that the real learning takes place in the process. So we give students choice and control in the end product. **#Plpnetwork**

2013-01-28 1:11 am [snbeach](#) Q2: Are Passion Based Learning- Project Based Learning- Problem based learning the same thing and we just call them PBL? **#plpnetwork**

2013-01-28 1:11 am [Amanda\\_Pickrell](#) I think this is really important! RT [@MrsCGibson](#): A1 the teacher is the facilitator, not the keeper of all knowledge **#plpnetwork**

2013-01-28 1:12 am [amusone](#) **#plpnetwork** Authentic: relevant to students, helps make meaning of their world & interests, helping others too **#plpnetwork**

2013-01-28 1:13 am [ehvickery](#) **#plpnetwork** to answer your question: yes - But, is it "doable" with constraints on school schedules?

2013-01-28 1:13 am [lanihall](#) [@MrsCGibson](#) **#plpnetwork** just thinking that students in search of problems can lead to deeper learning?

2013-01-28 1:13 am [snbeach](#) Q2 PBL= Passion, problem and project-- or just project based learning? Are they the same or different ? **#plpnetwork**

2013-01-28 1:13 am [bcteacher](#) A1 PBL is auth. if students use their learning to connect to their community in some way. Learning must extend beyond classroom. **#plpnetwork**

2013-01-28 1:13 am [amusone](#) [@snbeach...Could](#) they all be under the umbrella of PBL, interrelated? **#plpnetwork**

2013-01-28 1:14 am [beachcat11](#) Hi there **#plpnetwork**! Late here, but listening in. Don't know what I know about PBL, but looking to find out and ready to learn!

2013-01-28 1:14 am [MrsCGibson](#) A2 And how does Inquiry based fit into all of it? **#plpnetwork**

2013-01-28 1:14 am [Amanda\\_Pickrell](#) A2 demonstrating what we've learned by solving a problem... **#plpnetwork**

2013-01-28 1:15 am [Amanda\\_Pickrell](#) A2 for me it's the demonstration of learning that is what is most important **#plpnetwork**

2013-01-28 1:15 am [snbeach](#) [@megeross](#) Make sure you use **#plpnetwork** and they will all come together [@amusone](#) will you help her?

2013-01-28 1:15 am [lanihall](#) **#plpnetwork** A2 i see them on a continuum --- more teacher directed to more student directed project to problem

2013-01-28 1:15 am [lanihall](#) [@MrsCGibson](#) **#plpnetwork** do you think subsets of inquiry based learning

2013-01-28 1:15 am [TeachersNet](#) . [@snbeach](#) Thank for posing that question because I have been confused about the various uses of "PBL." **#plpnetwork**

2013-01-28 1:16 am [bcteacher](#) [@amuseone](#) Students at my school are constructing bird feeders for local wildlife. Also maintain registered Monarch way station. **#plpnetwork**

2013-01-28 1:16 am [ehelfant](#) not same- differences sometimes subtle- passion doesn't need prob or project- Prob seems smaller subset-not necessarily driving? **#plpnetwork**

2013-01-28 1:16 am [snbeach](#) [@lasic](#) We are exploring PBL: Building a Common Understanding So you tell me? **#plpnetwork** I do not have answers I am facilitating

2013-01-28 1:16 am [MrsLHopper](#) [@MrsCGibson](#) great question. Wondering if IBL and PBL are the same. **#plpnetwork**

2013-01-28 1:17 am [TaniaBumstead](#) [@lanihall](#) I like the idea of a continuum. I have been sitting here trying to come up with a good response to these tweets **#plpnetwork**

2013-01-28 1:17 am [snbeach](#) Q2 + is it imp't to keep PBL pure (Project based learning)?  
**#plpnetwork**

2013-01-28 1:17 am [lanihall](#) **#plpnetwork** wondering is passion based more student driven than the others

2013-01-28 1:17 am [beachcat11](#) [@TeachersNet](#) [@snbeach](#) Me too. I don't think I understand the difference yet? **#plpnetwork**

2013-01-28 1:17 am [amusone](#) [@bcteacher](#) Thank you for sharing. **#plpnetwork**

2013-01-28 1:17 am [MrsCGibson](#) I think so! RT [@amusone](#): [@snbeach...Could](#) they all be under the umbrella of PBL, interrelated? **#plpnetwork**

2013-01-28 1:18 am [ehvickery](#) **#plpnetwork** It is not always required that a project solve a problem.

2013-01-28 1:18 am [bcteacher](#) [@ehelfant](#) Good points. Subtle differences, but as a pedagogical approach they all fall under the same big umbrella, methinks.

2013-01-28 1:19 am [lanihall](#) **#plpnetwork** thinking when student passions and questions drive learning then learning is deepest, and sticky

2013-01-28 1:19 am [ehelfant](#) important 2keep it authentic, student-centered inquiry based- don't much care if we color outside the lines of a formal PBL def

**#plpnetwork**

2013-01-28 1:20 am [MrsLHopper](#) [@lanihall](#) Maybe. The passion piece is important. We must stop having students leave interests at the door. **#plpnetwork**
